BEAGLE

Puppy d/b (3/0)

1st Scarlett's VANITONIA ENCHANTED OVER MITCHELROY 7 months blanket tri bitch. Compact with correct height to length ratio and showing promise of a glowing future. Loved her head with good dentition, bite, dark eye and sweet expression. Correctly angulated fore and aft without any exaggeration. Needs to develop in chest and forechest but everything in the right place for one so young. Moved freely and effortlessly. Will watch her future progress. BP RBOB

2nd Barrow's REDCAP PRETTY WOMAN AT MEGANJIN 7 months tricolour bitch. Very raw at this stage. Pretty head but mouth worries me at this stage so hope it evens out. Compact and well put together with acceptable angulation front and rear. Movement erratic and she wouldn't settle.

3rd Kingsland's BRIMBLEWAY GALAXY BAR FOR REDCAP

Junior d/b (1/0)

1st Barrow's ROSANKA SKYE AT MEGANJIN 7 months tricolour bitch with a pretty head, good mouth, dark eye, melting expression. Nicely set on ears of good length. Moderate length of neck into good forequarters for age just needing time to develop chest and spring of rib. Height to length ratio maybe not as compact as I'd want but time for her to come up on leg still as she matures. Needs to widen throughout as today she was close behind when moving.

Graduate d/b (0/0)

Open d/b (6/1)

1st Breeze's PARKEBREEWAY WYSEMAN JW 2 years tan & white male, every inch a stallion hound with masculine head, good mouth, soft melting expression, nice furrowing. Compact with nice length of loin and tuck up into muscular quarters again with good angulation. Moved nicely in all directions with easy flowing movement. BOB

2nd Breeze's DUFOSEE HONESTLY OF PARKEBREEWAY 3 years blanket tri bitch a little unsettled today. Nicely put together in profile. Pretty feminine head with good width and proportions, soft expression and well set ears. Deep and wide chest which actually threw her elbows out slightly on initial movement but when settled into her stride movement was better coming. Compact of good size, well muscled hindquarters and nice complimentary angles fore and aft.
